

## **5th Annual KCHCC Energy and Ag Academy**

We are excited to have our 5th annual KCHCC Energy and Ag Academy kick-off this past weekend at Bakersfield College with a full class of over sixty excited and bright students. The academy consists of students from Bakersfield College, Taft College, CSU Bakersfield and CSU Fresno who are interested in the Energy and Agriculture sectors. The curriculum is focused on introducing our students to local professionals, careers, and other informative highlights from these industries. Our academy students also become student ambassadors of KCHCC.

THANK YOU to our academy presenting sponsors: Chevron, Bakersfield College, and the Kern County Energy Foundation - Supporting Academy Sponsors Aera Energy and California Resources Corporation.
