

Summer Business Academy Kick-Off

Last night was a great start to our KCHCC Summer Business Academy with dozens of entrepreneurs and small business owners investing their time into a great business opportunity!

A special thank you to this week's "Business Expert," Mr. Art Ruiz, owner of La Mina Cantina. He spoke at our opening session on what it means to open doors to a successful business and customer service in the workplace. Thank you to our partner Wells Fargo for providing support to our members and community.
